Telephone: +233595571386

CAREER SUMMARY

- **Data Analyst**

Ahafo North Relief Support Secretariat, (Newmont Ghana Limited) August 2022 – May 2025

- Ensure security of data, network access and backup systems.
- Identify computer or network equipment shortages and place orders
- Plan, organize, control and evaluate IT and electronic data operation.
- Preparing final analysis reports for the stakeholders to understand the data-analysis steps

- **Research Assistant**

Department of Electronic and Information Engineering (Shandong University of Science and Technology. (15th January, 2019 – May 30th 2020, 100% research)

- *Performing literature reviews for research team*
- *Maintain quality standards to preserve the integrity of data and findings*
- *Select a place to conduct interviews and obtain permission from all participants.*
- *Analyze data using various statistical methods*

- **(Intern)**

Qingdao Quanshitong Data Co., Ltd. (May 2017 – October 2017)

- *Connect, operate and monitor Network Systems to more than 1.000 assets*
- *Responsible for implementation of customer projects for Business Units supported by Process IT in a timely manner.*
- *Close cooperation with the data center, operations and technical teams.*

- **(Intern)**

Hisense Information Industrial, Qingdao – China. (March 2016– August 2016)

- *Analyzing results using statistical techniques.*
- *Acquiring data from primary or secondary data sources and maintaining databases.*
- *Work with management to prioritize business and information needs.*

University Degrees

- **Certificate**

November 2023 – December 2023, Digital Health

Centre for Development of Advanced Computing, Mohali, India

- **Master of Philosophy (MPhil)**

September, 2018 – June, 2021, Communication and Information System Engineering,

Shandong University of Science and Technology, Qingdao – China.

Supervisor: Professor Hongyu Sun

- **Bachelor of Engineering.**

September 2013- June 2017, Telecommunications Engineering - Shandong University of Science and Technology, Qingdao – China

Supervisor: Professor Guo Yinjing

PUBLICATIONS & SCHOLARSHIP

Dissertations

1. ***Moses A**, (2021). **An Improved Design and System Implementation of MPPT Solar Charge Controller.** Master of Philosophy final year project work submitted to department of Electronic and Information Engineering, Shandong University of Science and Technology.*

2. Moses A, (2017). **Design of mini-UAV control system (Parrot Quadcopter).** Bachelor of Engineering final year project work submitted to department of Electronic, Communication and Physics, *Shandong University of Science and Technology.*

Scholarly publications

1. ***Moses A, Sun H. (2020).** Bidirectional energy storage photovoltaic grid-connected inverter application system. Int J Energy Res. 2020;1–15.*
2. ***Moses A, Sun H (2020).** An Improved MPPT Solar Charge Controller Based on Artificial Fish-Swarm Algorithm and Narrowed Search Spaced Perturbation Observation Algorithm. J Electr Eng Electron Technol 2020, 9:2*

Research grants

1. *Qingdao Postdoctoral Application Research Project, Grant/Award Number:2016113.*
2. *Shandong Natural Science Foundation, Grant/Award Number: ZR2017MF070.*
3. *Shandong Province and Ministry of Science and Technology, Grant/Number: MDPC201715*
4. *National Natural Science Foundation of China, Grant/Award Number: 61701284*
5. *Key Research and Development Project of Shandong Province, Grant/Award Number: 2018GHY115022.*

Workshops/Conferences/Webinars

1. Digital Health-Mohali, India 2023
2. Chinese Renewable Energy Conference and Exhibition- Qingdao, 2020
3. International Conference on Internet of Things (IoT)- Malaysia, 2019.
4. International Conference on Solar Energy- Thailand, 2018.
5. International Conference on Engineering & Technology-Beijing, 2016.
6. International Youth Fellowship (IYF) Camp / Mind Training-Shanghai-2015.

Awards

1. Shandong Province Scholarship for postgraduates
2. Shandong Province Universities Robot Competition – Second Class Award.

Research interests

1. Artificial intelligence
2. Communication Networks
3. Signal Processing for Communications
4. Renewable energy
5. Power and energy system
6. Solar energy
